Focuses on photography and learning from one another on how to use cameras and tips on how to enhance the "good" ones to make even better ones, along with good fellowship. Club meetings are in an alternating format. One month will have a program or speaker, the next meeting will be competition. Each will have a short business meeting.

Members compete in Pictorial, Nature, and Photojournalism categories in both digital, as well as prints. The club has three levels for it's members to compete in: Master, Journeyman and Apprentice. The top winning images move on to compete regionally.
